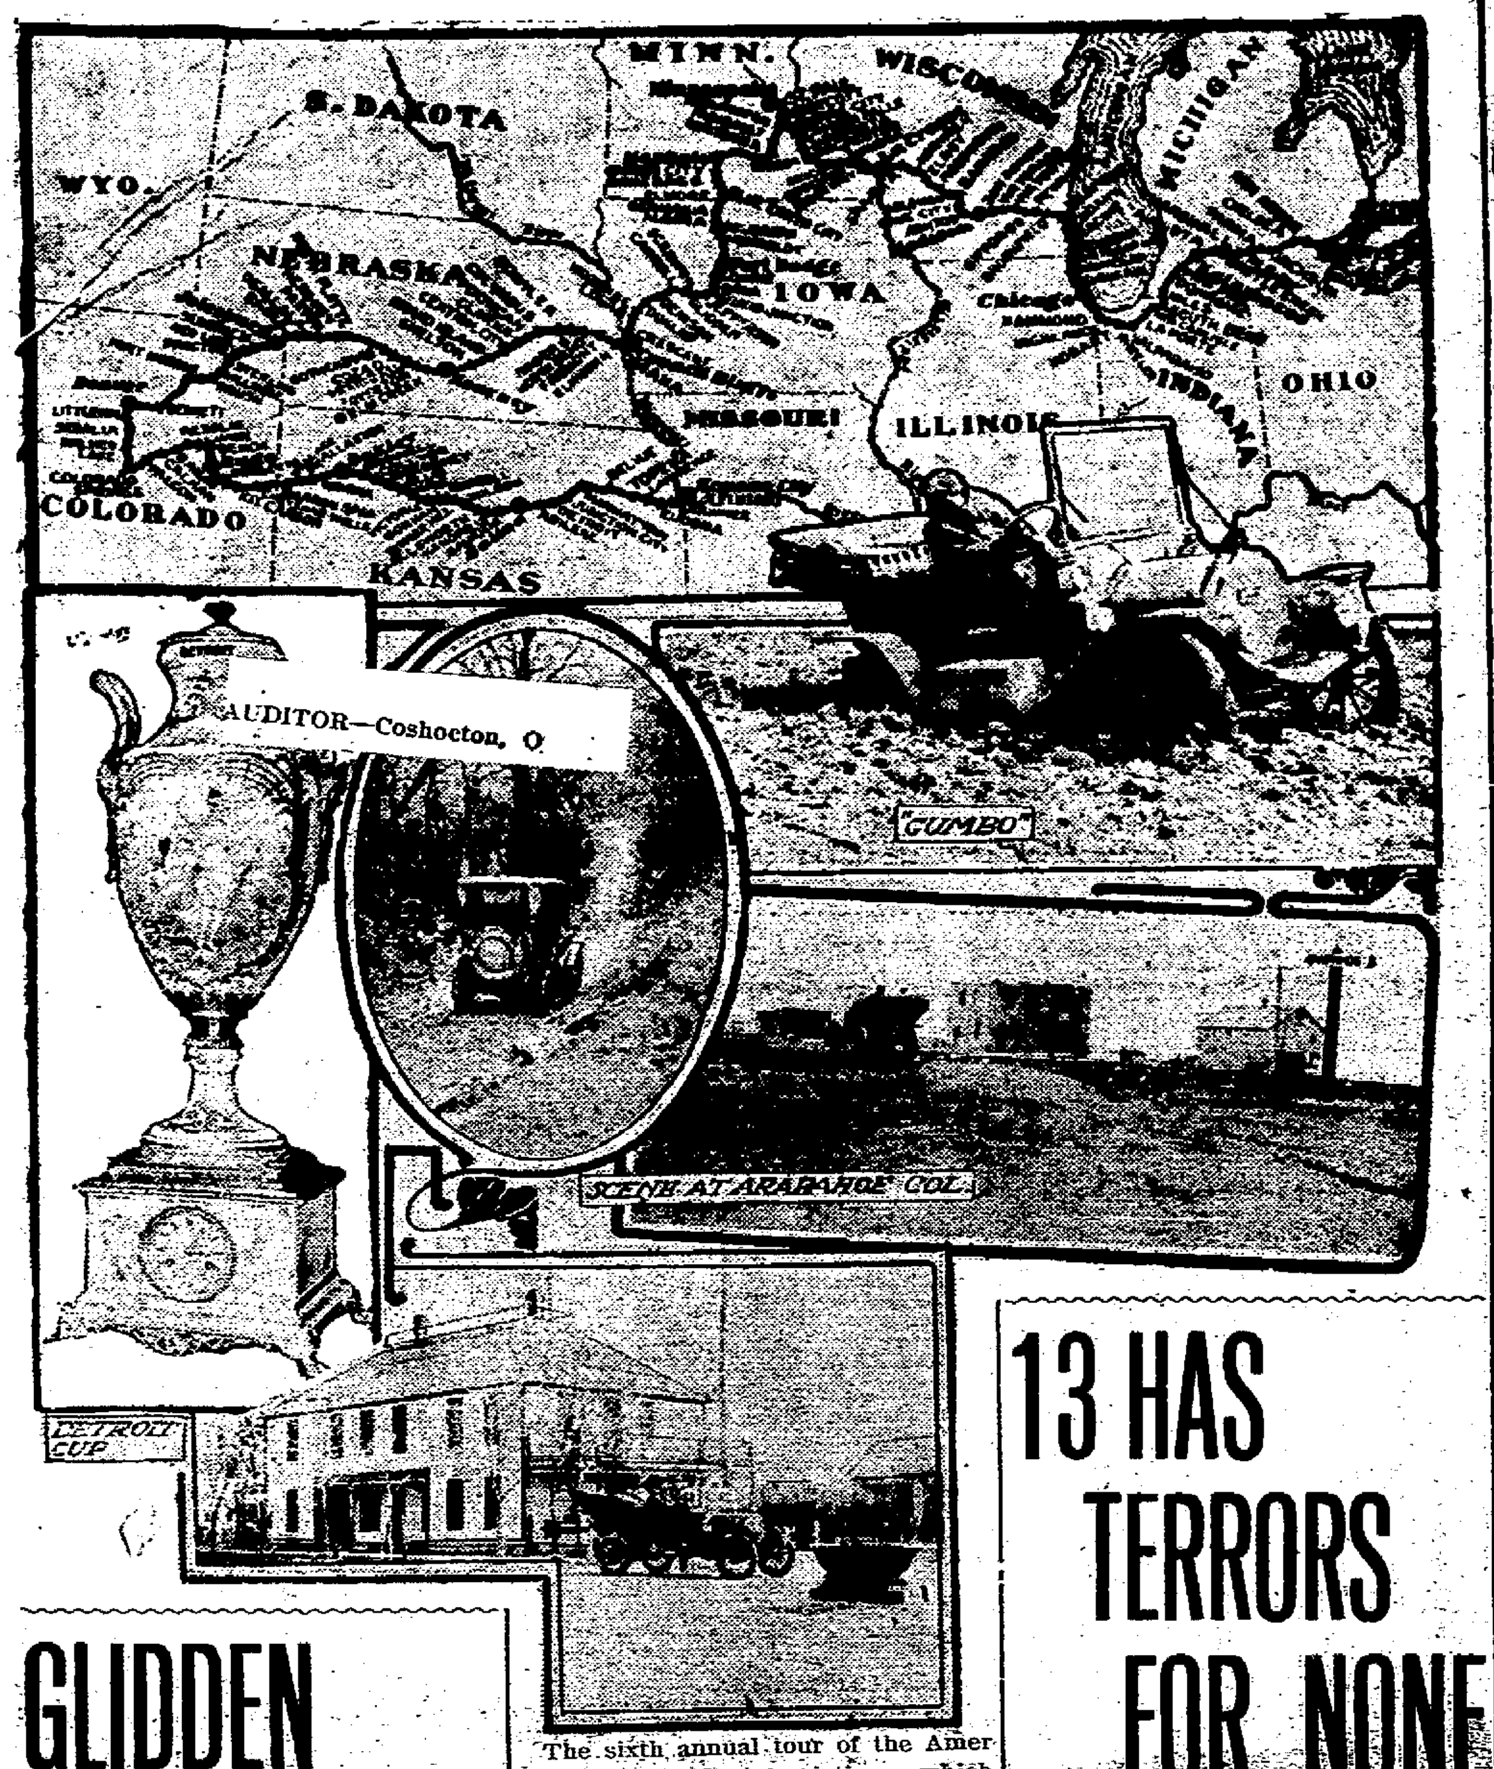
Route of Glidden Automobile Tour
Detroit Trophy And Scenes Along The Way



GLIDDEN TOURISTS ON ROAD

[Associated Dailies Telegram]

Detroit, Mich., July 12.—The sixth annual Glidden tour, known officially as "the annual reliability contest of the American Automobile association," was started today from the Campus Martius in this city, all the ceremonies that befit so notable an event being present. A large and enthusiastic assemblage, headed by the city officials, was on hand to see the 30 machines began their tour of 2,637 miles.

The tour, which is primarily an endurance test of the cars engaged, will go by way of Chicago to Minneapolis, to Omaha, thence to Denver, and return to Kansas City, where it will disband. The distance must be covered in 15 days, exclusive of two days' rest in Minneapolis and two in Denver.

Owing to the rigid tests applied to the machines the Glidden tour is really a contest of manufacturers. They compete this year for three trophies—the Glidden for touring cars, the Howard for runabouts and roadsters and the Detroit for the miniature tonneau type of car. In addition, there are 20 noncontestant participants and the two official cars. An exceedingly close watch is kept on each contestant by all the others, and every flaw or default in the construction or running of the car is noted and penalized.

The sixth annual tour of the American Automobile association, which includes the contests for the Glidden, Hower and Detroit trophies, will start from Detroit on July 12. About fifty cars will participate. The tour this year seems assured of being the most interesting and important of any yet held as it is the most arduous that has been projected. The distance is a thousand miles more than that of any previous contest for the Glidden trophy and the rules much more exacting. In previous years the Glidden trophy has been won on tours through the eastern states, but now the cars are to have a drive of nearly 1,900 miles westward from Detroit to Denver and then 750 miles back to Kansas City, where the tour will disband. The itinerary, giving the names of the places where the overnight stops will be made, is as follows:

July		Miles
12.	Detroit to Kalamazoo, Mich	142.3
13.	Kalamazoo to Chicago....	173.3
14.	Chicago to Madison, Wis..	175.2

Rains Frogs in New York

Utica, N. Y., July 12.—A message from Gouverneur states that in a heavy wind and rain storm there thousands of small frogs fell, covering sidewalks to such an extent that walking was difficult.

TENTS POPULAR AT CHAUTAUQUA

The tents for the fifth annual Chautauqua which will be held at the fair grounds commencing July 30, and closing August 8, are going rapidly. There are 43 locations, every one desirable, and but a short distance from the auditorium.

In ordering a tent, a registration fee is charged for the location, and choice is given in order of registration. The committee has arranged a chart with all of the locations plainly shown. As each person registers, his name will be entered on the chart which will be placed in some store window this week, in order for the prospective tent dwellers to see their locations.

Those who have already ordered tents are I. T. Smith, Geo. Hill, T. L. Montgomery, H. R. McCurdy, W. S. Merrell, O. P. McGinnis, Clyde Barnes, A. S. Rippeth, A. P. Stewart, G. M. Gray, Busy Bees, Helen Powelson Alice Riggs and Lucille Moore, Mrs. Shrake, J. S. Elliott, B. F. Voorhees, R. H. Mills and C. D. Brooke.

13 HAS TERRORS FOR NONE

Tuesday will be the date for the hearing of the celebrated bridge case owing to the delay of the circuit judges in reaching this city. The case was scheduled for hearing today, but the judges failed to make their appearance and the case had to be delayed one day. In spite of the date Tuesday, the thirteenth, neither side feels a hoo doo and each one is confident of the decision going their way.

Precipes were filed Monday morning by Atty. McDermott for eleven witnesses for the plaintiff. An oddity is that the list includes two of the board of county commissioners, who are technically defendants in the action. The list:

John A. Hanlon, C. R. Randles, J. M. Compton, Geo. Murray, W. E. Hunt, John W. Cassingham, Anderson D. Miller, Benton Davis, Fred Rinehart, A. M. Fisher, C. M. Ferguson. The defense has so far called no witnesses.

The case may last for quite a while and then it may be in discussion only a few minutes. The anti-bridge lawyers will present their motion that the case be dismissed and if the motion is sustained by the court that will be the last of it, but if the motion is overruled the case will be heard on its merits.

PRESIDENT CLOW HERE AND URGES MORE HOUSES QUICK

Pres. W. E. Clow of the Clow plant was in Coshocton Sunday and went over the plant and grounds and is well pleased with the progress being made, but again urges the people to build more houses. There is going to be a great demand and few houses to accommodate the many newcomers unless building becomes more brisk.

Miss Emma Dawson of Coshocton and Miss Idelle Teener of Cumberland spent Sunday with Mrs. Will Ehrich at Zanesville.

Coshocton People to Come in For Share of Vast English Estate

Is the Sir Francis Drake Estate, as mentioned exclusively in The Age sometime ago, going to be realized by the heirs in this country and England?

According the Akron Beacon Journal and the Columbus Dispatch the Akron lawyers who have been in the English courts have succeeded in proving that the estates which tally $50,000.00 are valid and not absorbed by the crown.

The articles further state that the only thing the lawyers now have to do is to dispose of the real estate turning it into money and the heirs which are scattered through Ohio, Indiana and Illinois will then realize their portions.

George Cooper of Keene, Jas. Cooper of Coshocton, Mrs. Sarah Saunders of Coshocton, Mrs. Mary Cooper of Wills Creek are all local people who will inherit. Several of the parties have made deposits into the fund from $35 to $100 to pay the lawyers expenses who have been fighting the case. Several Akron heirs are also in England now with the lawyers watching developements. The case had been grinding through the English courts for the past six years. A great amount of money is also deposited in the Bank of England.

EXPERT DECLARES TARIFF IS LOWER!

[Associated Dailies Telegram]

Washington, July 12. — Eleven men—five Republican senators and six Republican representatives—have considered the responsibility of evolving from the two tariff bills passed by the house and senate a law that will be acceptable not only to both houses of congress, but also to the president and, above all, to the masses of the people. They expect to complete their task by the end of the present week.

While the conferees from both houses desire to have retained in the bill the schedules as approved by their respective branches, none realize better than they that they must make concessions. Their present determination not to yield will in all probability give way to a more conciliatory attitude as the conference wears on.

The senate made 847 changes, many of them merely verbal, in the tariff bill as it passed the house. Members of the house claim the latter's measure comes closer to answering the public demand for a "revision downward" than does the senate bill. Whether it would provide all the revenue needed to run the government is a question. The fight hinges upon the number of changes made by the senate the house conferees can be induced to accept.

On Opposing Sides.

Upon the one hand, Senator Aldrich will be found contending for the higher revenue-raising tariff. On the other will be found Representative Sereno Payne leading the house forces in fighting for lower duties.

Senator Aldrich reiterates his statement that the senate bill, if enacted into law, would not impose additional burdens upon the consumer. "Isolated cases of increases of rates are taken and the entire bill condemned because of these," said Mr. Aldrich. "It is usually the case that if the section of the country which has found fault with one schedule would consider the transfers of articles to the free list, and compare the increases with reductions that have been made, that section would see that it had been made beneficiary to no small degree by the general revision."

General T. S. Sharretts, the veteran tariff expert, who has been a member of the board of general appraisers in New York for many years, is authority for the statement that the senate bill will show a 2 per cent reduction from the rates of the Dingley law and a very material reduction from the house rates. "Some folks may say that 2 per cent is not a great reduction," said General Sharretts, "but when you consider that the rates of the Wilson bill, the Democratic tariff measure adopted during the Cleveland administration, were not 2 per cent lower than the rates of the existing law, you will realize how extensive a 2 per cent reduction really is."

Payne Not Agreed.

This viewpoint is not shared by Representative Payne, who said that the rates of the house bill, judged from the standpoint of the interest of the general public, are materially

Gravel is Cause of Lawsuit

J. S. Elliott filed a suit in common pleas court Saturday afternoon for a restraining order against Thos. Norman, Anthony Hartman, W. C. Renner and Grant Cross.

Elliott claims that these teamsters have been taking gravel and sand from his lots along the west side of Water-st. south of Locust which extend to the river, for some time, the exact amount of which he is unable to say.

He asks that he be granted an injunction against the defendants restraining them from taking gravel and sand from his premises. Judge Ashman, in the absence of the common pleas judge granted Mr. Elliott a temporary restraining order Saturday.

It is said that the teamsters union will stand behind the defendants holding as their defense that this gravel which Mr. Elliott claims as his was given to the city some years ago for public use and that his title on that part of the land is not clear. A stiff fight is expected.

Mr. Elliott has employed Pomerene & Pomerene and Jas. Glenn as his attorneys.

COSHOCTONIAN HAS UNUSUAL EXPERIENCE AT NEWARK

Arm Stuck in Window Grabbed Coat and Disappeared

L. T. Pearsall, a draftsman at the Clow works was the victim of a strange piece of thievery at Newark Saturday night. Mr. Pearsall was coming to Coshocton from his home in Ironton and changed cars at Newark.

When he got on the train he laid his coat on the seat between him and the window, sitting down next to the aisle on the side of the train next to the yards and away from the station. Just as the train pulled out someone reached into the car window which he had left open and pulled the coat out.

The thief escaped under cover of the darkness and as the train was going at a lively gait, by this time, the capture of the thief had to be abandoned. In the coat Mr. Pearsall had a check on a New York bank for $35 and some blue prints and drawings which were valuable only to himself.

On reaching Coshocton the Pennsylvania authorities were notified and in turn notified Newark officials and Sunday the check was found at one of the Newark stores. The man that was trying to have the check cashed saw that he had made a mistake in going to the Newark store throwing it down on the counter, he left the store and was never seen afterwards although a thorough search of the town was made.

SIX DEAD IN TORNADO

Wind Hits Minnesota Town and Wrecks Numerous Buildings.

Ortonville, Minn., July 12.—A tornado demolished two houses, killing Phillip De Griff. The storm struck the Milwaukee depot, destroyed the roundhouse, coal sheds and five boarding cars filled with Italian laborers, killing five of them and severely injuring 15 others. A deluge of rain accompanied the storm.

Geo. Shupe went to Columbus on business Monday.

KNIGHTS TO BE CORDIAL HOSTS

Local Knights of Pythias are busy getting ready for the public installation of officers which is scheduled to take place at the local Castle Hall in the Gray building, Wednesday, July 14, at 7:30 p. m.

State Grand Chancellor Jacob Wehrle, of Columbus has promised to be present and a large contingent of Columbus knights are also expected. The installation, which is to be conducted by Deputy Grand Chancellor E. E. Standen of this city, is to be open to the public and this is a cordial invitation to all friends of the great order to attend.

A musical program will intersperse the evening and refreshments will be served. The committee chairmen are.

I. G.—Chas Mizer.
O. G.—A. C. Sondles.

SNEE AGAIN BUSY LEASING LAND UP NEAR BLOOMFIELD

John A. Snee, the Pittsburg millionaire, is again in Bloomfield, securing additional oil leases.

Mr. Snee's faith that there is oil near there is unshaken in spite of the fact that 35 wells have been put down and only light oil has been found. It is said he has already invested about $50,000 in the vicinity. He is now securing leases to the leases to the east of Bloomfield; formerly he developed to the west and south.

Auto Ran Into Ditch But No One Hurt

Paul Welcker and a friend, and his daughter and two girl friends turned turtle in his Holsman touring car midway between Coshocton and Canal Lewisville Saturday afternoon about 4 o'clock smashing the top, bending one axle and slightly breaking one wheel. No one was hurt all landing in the top.

Siegrist's garage was called and the machine pulled in by the Packard car to Stewart's Carriage shop where the car is being put in shape. The machinery was unharmed.

Mr. Welcker was demonstrating the car to Elliott Brewer who had purchased a Holsman car. They were running along at a moderate gait when they met a buggy, Mr. Brewer driving. The man refused to give the road and getting too close to the bank they went over. The over on the side of the top. The girls who were in the back seat were bunched together in the top as were the men. The damage is small amounting probably to $30. It is a miracle that they escaped so lucky.

Today is the opening date of the great contest. Those who have not as yet sent in a nomination should do so at once. Just fill out the blank below and send it to The Age office. Do it now.

The names of those already entered in the great contest will be announced in a few days so watch The Age closely. The day on which this announcement will be made will be disclosed a day or so in advance. so get ready and send in your name at once if you want to be in on the opening list.

Interest is great in all districts covered by the contest and from all over the county will come the names of those desiring to try for the valuable prizes offered by The Age.

The contest is open to any young lady in Coshocton and Coshocton county, provided she is of good standing in her community. Financial standing is of no consequence—all that is required is that they be persons of good repute.

Names may be entered at any time up to the close of the contest, but it is best to get them in as soon as possible in order to secure the early vote. which will be given to those asking for it first.

Just enter your name. your friends will help you if they know you want to win. You will never know how popular you really are until you enter this contest.

The prizes offered are very valuable and each will be well worth the amount of effort required to secure it. The rewards will be presented to the fortunate persons securing them without any restrictions whatever. They may be sold, used by the winners or given away. They will be yours to do as you please with.

The Automobile

The automobile to be given as the first grand prize is a $550 Model A. Maxwell runabout purchased from the Siegrist & Sons garage of Coshocton. This car is the best that can be purchased for the money and will be placed on display as soon as it can be shipped from the factory.

The Pianos

The $350 Boston piano purchased from thte Compton-Price Piano Co., and the $350 Rudolph piano purchased from The Kline & Heffelman Co., are two of the best uprights made and will soon be placed on display.

The Scholarships

The scholarships to be awarded in this contest are full five term courses in either the Coshocton School of Business or the Zanesville Commercial college. These colleges are ranked among the highest in the state and the persons winning same will have their choice of study as well as school.

The Watches

Besides the above prizes there are six beautiful gold watches purchased from Burns & Gosser, and C. D. Brooke. the well known jewelers of Coshocton. These are beautiful gold watches with full jeweled Waltham or Elgin movements.

Division of Districts

The territory of the contest is divided into districts as follows:

District No. 1—Includes all of the city of Coshocton. lying east of Seventh and North Eighth-sts.

District No. 2—Includes all of the city of Coshocton lying west of Seventh and North Eighth-sts.

District No. 3—Includes all of the townships of Perry. Bedford, Jackson, Pike. Washington and Virginia. and the villages therein.

District No. 4—Includes all of the townships of Lafayette. Oxford. Franklin. Linton and Tuscarawas. outside of the city of Coshocton and the villages therein.

District No. 5—Includes all of the townships of Tiverton. Monroe, New Castle. Jefferson. Bethlehem and Clark and the villages therein.

District No 6—Includes all of the townships of Keene. Mill Creek Crawford, White Eyes and Adams and the villages therein.

Who May Enter This Great Contest

Any young lady of good character (either married or single) residing in Coshocton county (excepting. of course. employes of The Age) may enter this contest. They do not have to be subscribers of The Age in order to enter. all that is necessary is to send in the name and address and the names of at least two parties who have known them for at least six months. The rewards will be distributed as shown in another section of this announcement. Votes may be clipped from the paper or secured on subscription; the nomination blank will count for 1,000 votes for the person nominated. The votes that appear daily in the paper after the opening date of the contest are good for one vote each if voted within one week from the date published; those secured on subscription are votes in proportion to the length of subscription. as shown in another section of this announcement. Parties living in one district are not confined to voting for candidates in this district, but may vote for candidates in any district of the territory of this contest. Candidates and their friends may secure subscriptions anywhere and votes will be allowed on all subscriptions as shown elsewhere on this page.

Votes cannot be bought; they must be clipped from the paper or secured on subscriptions.

Enter your name or that of a friend and get a good start.

How Votes Are Secured

With every subscription to The Daily Age (when it is asked for) is given a coupon good for a certain number of votes according to the length of the subscription. This is explained below. These coupons may be held as long as desired, and voted at any time up to the last day of the contest. In fact, it is well to hold back a large per cent of your vote coupons, as then no one knows how many votes you have, and you are less likely to have some one who knows how you stand step in at the last and by paying for a great many subscriptions secure the prize you desire. If you hold a part of your votes back no one knows how many they have to win and will not take chances.

The ballots printed in The Coshocton Daily Age are good for one vote if voted one week from the time printed. The date on which they expire is on the bottom of each ballot, and if the time is expired the ballot will not be counted. A nomination blank counts for 1,000 votes

Votes cannot be bought; they must be clipped from the paper or secured on subscriptions.

Votes secured by one contestant cannot be transferred to another.

In case of a tie for any of the prizes offered in this contest, the value of the prize or prizes thus tied for will be equally divided between the contestants who tie for same.

How The Prizes Will Be Distributed

1 The Maxwell automobile will be awarded to the young lady securing the largest number of votes in the whole contest.

2 The $350 Boston piano will be awarded to the young lady in the city of Coshocton (Districts No. 1 and 2) who has the largest number of votes in these two districts after the automobile has been awarded.

3 The $350 Rudolph piano will be awarded to the young lady outside of the city of Coshocton (Districts 3. 4, 5 and 6) who has the largest number of votes in these districts after the automobile has been awarded

4 The young lady in each of the six districts who has the largest number of votes in her district after the three grand prizes have been awarded will receive a free five months scholarship in either the Coshocton School of Business or in the Zanesville Business college.

5 The young lady receiving the second largest number of votes in each of the six districts after the three grand prizes have been awarded, will receive one of the beautiful gold watches.

Remember each of the five districts receives a first and second prize regardless of the vote in any other district of the territory of the contest.

Lima. O., July 12. — Threats that his house would be dynamited and that he and his family would be killed unless $10,000 was paid to the "Black Hand of Lima" was the substance of letters received by Henry Deissel of the Deissel-Wemmer Manufacturing company.

TOUCHING TESTIMONY TO THE REV. HAMILTON

The Presbyterian church was packed at the final sermon of Rev. Hamilton Sunday evening. Every seat in the house was filled and people even sat in the aisles. The church was profusely decorated in a tasty manner with beautiful ferns and flowers.

At the close of the services the members of the church held a farewell reception for Rev Hamilton and his family and presented him with a purse of $50, as a small token of remembrance.

During the evening services special beautiful music was sung by the quartet.

Dr. Hamilton chose as the topic of his sermon "The Joys of Christian Ministry" He gave a short description of his ministerial associations and also of his life, since the time when he first remembers having any thoughts of his own. He outlined his life sprinkled with incidents which were most beautiful in their simplicity. Sunday evening he reached heights far above any which he has ever done heretofore. His voice at times trembled with emotion. The great concourse was visibly moved.

Good Citizens Should Align Themselves With the Church for the Nation's Growth

"This fair city is full of young men who do not know the church and seem to have no wish to understand her" remarked Mr. Albus, in his sermon at the Episcopal church Sunday morning. "The young men must be reached by some solid truths; let them have full understanding of what real christian life means. There has been the religious up heaval, the emotional effort to win them and still they remain out of the church. Merely because they do not know the real beauty of life.

"From a business standpoint, and the standpoint of good citizenship, every man ought to belong to the church of Jesus Christ; for never has there been any kind of organization that has done so much for the advancement, for the uplift of the world and nations as the church. Every good citizen seems to desire to align himself with the forces that work for his community's good; why then should it not be a matter of good citizenship for every good citizen to align himself with the greatest and best organization the world has known—the church?

"The man who merely accumulates money knows nothing of the beauties of this life. Christianity does not mean throwing your dollars up in the air for the poor. The poor want something more and better than that they want your sympathy. A man may have a million dollars and yet be poor in all that makes for the best in life. This is a beautiful world, a glorious life, when we live it as Christ has taught us that we should live it. Let us get to our young men, let us show them the real beauty of the Christian life, let us show them there is something solid and tangible and lasting to it, something far superior to and far grander than emotionalism—then will they become enrolled as churchmen and christians and realize the bounty that then is there."

Mr. Albus is one of the most forceful preachers Coshocton has enjoyed for a long time, and is doing excellent work in the local parish, the members of which are now working toward the erection of a church on their property at the corner of Main and Seventh.

His text Sunday was taken from the Epistle of Paul to the Galatians vi-7 and 8; "Be not deceived; God is not mocked; for whatsoever a man soweth, so shall he also. For he that soweth to his flesh shall of the flesh reap corruption; but he that soweth to the spirit shall of the spirit reap everlasting life.

REV. SMITH SAYS POVERTY PREFERABLE TO GOULD RICHES

Rev. J. Frank Smith, formerly in charge of several M. E. churches in this county preached a strong sermon in Cleveland Sunday night. The Press says.

"I believe that the Christian home and love it nota to be for some people, said Rev. J. Frank Smith, pastor of the Gorden avenue Methodist church, Sunday evening in a sermon on "What the Gould Sensation Suggests as to Some Social Standards of the Present Time."

"If people do not like care and responsibility they should never marry. Marrying for money is risky.

"Girls should not marry for support. There was a time when girls had to marry to be supported. The day has come when the girl does not have to mary to make a living.

"People should not marry who are wealthy and willing to leave the children in the care of servants. The child has a supreme right.

"While Mrs. Gould's grevances might have been hard to bear, she has been a traitor to the greatest institution God has ever made, the home.

"The Gould case should be used as an example of the violation of the sacredness of the home as it frequently occurs in high society.

"That man, financier and business man that he was, knew her, a woman used to society, a slave of high life, yet he married her. It was his own fault.

"If to be rich means to live as the Goulds lived, it would be better for all of us to die in poverty."

WAS JONAH'S FISH A WHALE OR AN UNKNOWN SPECIES?

The Emmanuel Lutheran church has innaguarted a new and very clever idea for the conducting of their Sunday evening church service. A service lasting exactly 30 minutes of the most informal nature is the idea. The text is chosen, a short discourse given and any one is then at liberty to ask questions. The first of the services was conducted Sunday evening by Rev. Wein, who is the originator of the plan. During the hot and sultry summer months when other chruches are closed, other than outdoor services, the Lutherans hold these servicese. If they prove a success, as no doubt they will, the idea may spread to other denominations.

The talk Sunday evening was concerning Jonah and the whale, or as the bible states, the fish. The skeptical man today dis-believes or questions the statement, from the standpoint that it is not practical, the throat of the whale being too small to swallow a man of such as Jonah was.

Rev. Wein argued that the bible states it was a fish without specifying what kind and that it was a fish so created by God to swallow Jonah Taking the subject from that light it ceases to be a miracle to the many disbelievers.

The Ideal Way

To spend your vacation is in camp. The ideal camp is Camp Algonac. This delightful resort affords you all the advantages of an up-to-date watering place without the dress parade which operates so much against real comfort in hot weather. The cost of stying at a regular summer resort is never less than $5.00 per day. The cost attached to Camp Algonac—that is to say the actual cost, including transportation, lodging and board, is less than $2.00 per day—as cheap almost as remaining at home.

Cool breezes blow all the time at Camp Algonac. The fish bite fine in August at Camp Algonac. The bathing is at its prime in August at Camp Algonas. You should go.

BANANAS

News dispatches state that bananas are a drug on the market. That the crop has been twice as large as the world can consume. Still we have not yet noticed any appreciable shrinkage in the price of the luscious fruit. If the companies that control such things want to get a stand in with the consuming public, let them drop the prices when the product is overproduced as well as boosting the price when there is a famine. The trouble is they boost and then forget to lessen.

OUTDOOR SERVICES

The churches of the city are conducting just now an earnest and most effective form of gospel meetings. In various parts of the city a series of services are to be held each week day evening in the open air. Not a revival, not a long sermon, just a worshiping together of Christian people for the benefits and blessings that are ours and a prayer for guidance. Nature doubtless gets closer to men's hearts that anything else and leads them closer to their Creator. The outdoor service, in the balmy air of the summer evening brings man face to face with the glories of God that have become common place around about him. Too often we forget our blessings; they become too much a matter of course It is well to stop and consider.

CANARIES IN CHOIR

Cincinnati Pastor Introduces Innovation at Service.

Cincinnati, O. July 12.—The presence of 35 canary birds as a part of the choir and participating in the musical program, constituted a unique and novel innovation in the regular religious services at Lincoln Park Institutional Baptist church.

The idea of calling the birds into commission as a part of the choir was original with the pastor, Rev. George R. Robbins, and the effect of the use of the canaries along with the choir voices and the great church organ, it was declared by members of the congregation, added greatly to the choir service.

The sermon was based upon the text, "Who are these that come flying through the air like doves?"

S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acrid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acrid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S. S. S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acrid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S. S. S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.

PRESIDENT TO LENGTHEN TOUR

Is Deluged With Invitations to Talk to People.

TO MAKE CAR-END ADDRESSES

Tells Callers and Correspondents to Bring Matter to His Attention Later In Summer When Revised Itinerary Is In Course of Preparation—Will Travel on Special Train and Expects to Be Gone From Capital Two Months.

Washington, July 12.—If President Taft expects to accept all the requests for speeches during his western trip that have already been received, it will be necessary to materially extend the itinerary as announced. The president himself did not include in the tentative list which was published all of the places where he expects to stop long enough to make an address and hold a brief car-end reception. The itinerary was made up of those cities where the president will spend from one to three days.

Strong efforts will be made by congressmen and state officials to have the president stop, for a few minutes at least, at nearly all of the towns of appreciable size through which his train will pass in the daylight hours. Already the president has been bombarded with such requests. He has suggested to all of his callers and correspondents that they take the matter up with him later in the summer when the detailed plans for the trip actually are under consideration.

During the trips he has made thus far the president has adhered to the policy of journeying in a single private car attached to regular trains. The trips have been comparatively short, however, and on them the president has been bothered with as little public business as possible.

Carpenter Stays at Home.

Secretary Carpenter has remained behind at the White House to look after routine affairs, and has communicated with the president only at rare intervals. On his far western trip, however, where trains are run heavier and at longer intervals than here in the east, it is more than likely that the president will have to charter a special train.

The president expects to be away for two months on this trip and will have to carry a complement of stenographers, clerks and telegraphers in addition to his secretaries. Thus far the presidential party has been confined to the chief executive, Captain Archibald W. Butt, his military aide; Assistant Secretary Micheler, Major Arthur Brooks, who in addition to being the president's confidential messenger is commanding officer of the First separate battalion of colored troops in the District of Columbia, and two secret service men, James Sloan, who was with President Roosevelt for seven years, and Jack Wheeler, who accompanied Mr. Taft from the time of his election to office.

THREE KILLED IN EXPLOSION

Fatalities Attend Delayed Catholic Celebration.

BOMB LETS GO NEAR CHURCH

Large Crowd Assembled In Adjoining Field to Witness Pyrotechnical Display—Early Portion of Program Passes Off Quietly — Italian In Charge of Setting Off of Fireworks Disregards Advice and Prematurely Touches Match to Gas Pipe Bomb.

Kansas City, July 12.—By the explosion of a bomb during a postponed celebration of St. John's day by the parishioners of the Holy Rosary Catholic church three people were instantly killed. Two policemen were knocked down and stunned. Another man, sitting in a window several hundred feet away, was so badly injured that he is not expected to recover. Many others received minor injuries from the flying fragments of the bomb. The explosion occurred in a vacant lot opposite the church, where the pyrotechnical part of the celebration was being held. Hundreds of people were crowded in the lot.

The dead are: Antonio Grassiffe, who was in charge of touching off the fireworks, and a negro and a negress, who were bystanders.

Grassiffe had constructed a bomb by filling a section of gas pipe with powder and plugging up one end. He had been warned to place it in the ground before trying it, but neglected to do so. The crowd surged around him as he knelt to light the fuse, and before he could regain his feet the explosion occurred. The explosion blew out windows in the church and in many houses.

MINISTER IS PURSUED

Argentine Legation at Bogota Scene of Fresh Outbreak.

La Paz, Bolivia, July 12.—The guards protecting the Peruvian and Argentine legations were suddenly withdrawn for some unknown reason. When this became known street mobs renewed their attack on the legations, causing serious damage.

The Argentine minister, Senor Fonseca, and his wife, had a narrow escape from injury. They made their way out of the legation and ran eight blocks, finally seeking protection in the home of the president of Bolivia.

It is reported here that considerable excitement prevails at Lima and Buenos Ayres, and the Argentine government's silence in the face of Bolivian protests is regarded as ominous.

Camp Fire Feature at Camp

Visitor's day at Phi Sigma Chi camp was a most thoroughly enjoyable event. Although the weather was not as favorable as might have been desired, a number of friends of the campers journeyed up to the camp in spite of a somewhat persistent down pour of rain. An appetizing lunch was served during the evening and a large camp fire was an attractive feature.

Grange Social Great Success

The ice cream social which was given Saturday evening by the members of the Oak Grove Grange was a most successful event. All the members of the Grange had worked hard to make the lawn fete a good thing, and when the receipts were counted all felt repaid for their work. There was a large attendance and the affair was quite as much of a social success as financial.

YOUR BACKACHE WILL YIELD

To Lydia E. Pinkham's Vegetable Compound

Rockland, Maine.—"I was troubled for a long time with pains in my back and side, and was miserable in every way. I doctored until I was discouraged, and thought I should never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound, and thought I would try it. After taking three bottles I was cured, and never felt so well in all my life. I recommend Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. WILL YOUNG, 6 Columbia Avenue, Rockland, Me.

Backache is a symptom of female weakness or derangement. If you have backache, don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Cure the cause of these distressing aches and pains and you will become well and strong.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has restored health to thousands of women.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health free of charge.

WHEAT LOOKS WELL ALL OVER BUCKEYE STATE

The official report of the Ohio department of agriculture on the area and prospects of wheat, corn and potatoes and the prospects of other crops for July represents area and condition of the crops named, as compiled from returns received from the regular correspondents of the Department:

Wheat—Prospect compared with an average, 77 percent; Wheat—Area sown last fall, 1,446,543 acres; Wheat—Plowed up this spring, 9 per cent; Wheat—Estimated area for the harvest, 1, 296,098 acres; Barley—Prospect compared with an average, 85 per cent; Rye—Prospect compared with an average, 85 per cent; Oats—Prospect compared with an average, 96 per cent; Corn—Area in 1908 2,806,895 acres; Corn—Area this year compared with 1908, 102 per cent; Corn—Total estimated area for 1909, 2,875,814 acres; Corn—Prospect compared with an average, 88 per cent; Corn—Damage by cut worm, 2 per cent; Corn—Damage by white grub, 2 per cent; Clover—Damage by whit grub, 2 per cent; Potatoes—Area in 1908, 115,584 acres; Potatoes—Area planted this year compared with 1909, 99 per cent; Potatoes—Estimated area for 1909, 115,277 acres Potatoes—Prospect compared with an average, 93 per cent; Tobacco—Acerage compared with last year, 115 per cent; Timothy—Prospect compared with an average, 88 per cent; Pastures—Condition compared with an average, 98 per cent; Rorses—Condition compared with an average, 96 per cent; Colts—Number compjared with an awerage, 95 per cent; Cattle—Condition compared with an average, 96 per cent; Calves—Number compared with last year 97 per cent.

Ohio's wheat havest is now generally in active progress, and from the returns of the official correspondents of this Department it is estimated that it will produce 77 per cent. of an average yield. One month ago the prosect was reported at 73 per cent compared with an average. The acerage to be harvested is one of the smalest in a number of years past, as it is now estimated that 9 per cent of the original area seeded last fall was plowed up this spring, leaving but 1,296,098 acres remaining for the harvest This is a hortage of 590,862 acres in comparison with the area havested in 1908. From these statistics it is readily apparent that the crop of 1909 will fall far short of that of the preceding year. Heavy and continued rainfalls prevailed during the month of June and this has retarded harvest, in many fields the ground being so soft that is was impossible to enter with machines Many correspondents note damage by joint worm.

Oats are in excellent condition, having advanced 5 points since the issuance of the last report The present porspect—96 per cent. compared with an average is most encouraging, and as the area seeded is greater than that of 1908 an abundant hrvest should result.

A large area has been planted to corn, it being estimated at 2,875,8814 acres, an increase of 68,919 acres over the area of 1908. Uunder favcrable conditions this should result in one of the heaviest corn productions in Ohio' shistory. The present prospect is estimated at 88 per cent compared with an average. The plant generally is small, but a fine stand. The correspondents report no material damage by cut and grub worms. Owing to frequent rainfalls during the past month, proper cutivation has been impossible.

The area planted to potatoes is approximately the same as last year, being estimated at 115 277 acres. The prospect is reported at 93 per cent. compared with an average, an increase of 9 per cent. in comparison with prospect on corresponding date of 1908.

Live stock generally in fine condition. Pasture excellent.

AGE CAR TO BE HERE JULY 20

Sam Siegrist returned Saturday afternoon from Columbus where he whent to see the state agent of the Maxwell automobile company.

"The Age car will arrive in Coshocton about July 20" reported Mr Siegrist. "It will be indentical to the car that Dr. Carr drives—and if anybody doubts that a Maxwell delivers the goods, let him ask the doctor how he likes his"

Because of the tremendous demand for the Maxwell cars this year, so popular are they, there is a dearth of machines, and the factories of the company at New Castle Ind. and Tarrytown, N. Y. are working night and day to catch up with orders The car that The Age will give away will be shipped so as to arrive here July 20 It will be brand spanking new and never used, except in the try out that Siegrist & Son will give it. The car will be placed on exhibition as soon as it arrives. The pianos and other prizes will be displayed this week.

Shepler & Frederick have added five new tunasen electric drop bulbs to their Main-st shop which adds much at night to the attractiveness of the shop.

MINERS ATTACKED ON LEAVING MINE

Troops Find Quiet Reigns When They Arrive.

Sydney, C. B., July 12.—Mayor D. H. McLeod, no longer able to cope with the lawlessness of strike rioters at the Inverness colliery, was forced to call troops from Halifax to restore order. The Inverness colliery is owned by the firm of Mackenzie & Mann, which is not connected in any way with the Dominion Coal company, against which the Glace Bay strike is aimed, but about half the men at the Inverness colliery belong to the United Mine Workers of America, and they went out on a sympathetic strike last Friday.

The men of the Provincial Workingmen's association continued at work in the mine, but when they were leaving the workings for their homes they were met by a crowd of 300 men, boys and women, mostly Belgians, who saluted them with various epithets. Stones and sticks began to fly, and one Provincial Workingmen's association miner was struck on the side of the head and received a bad cut.

The mayor and members of the town council, with 30 special and regular policemen, tried in vain to keep the crowd in order. The disturbance continued until the workmen had gained the shelter of their homes. When General Manager Barclay of the colliery arrived in town he asked that troops be sent for to maintain order, and the mayor complied with the request. A special train from Halifax arrived with 150 men from the Royal Canadian regiment, who at once went on guard at the colliery. There was no disturbance about the place.

BUSINESS MEN APPEAL

Send Delegations to Capital In Interest of Tariff Commission.

New York, July 12.—Delegates of a number of New York business associations will go to Washington early this week to urge that a tariff commission be incorporated as a part of the tariff bill. The call has been issued by H. E. Miles, chairman of the committee appointed at the Indianapolis tariff convention, which approved the plan for a tariff commission.

Delegates from commercial bodies from other parts of the country will meet the New York delegation at Washington, and the combined gathering will urge the need of a change in the present tariff-making methods.

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent *free* on receipt of 21 one-cent stamps to cover cost of mailing *only;* or, in cloth binding for 31 stamps.

Columbus to Treat Rabies.

Columbus, O., July 12.—Dr. E. G. Horton, former health officer of this city, will this week administer the Pasteur treatment to Leon Vincent, a seven-year-old boy, who was bitten by a dog which was afterward found to be afflicted with the rabies. If the treatment is successful the county commissioners will discontinue the practice of sending dog victims to Chicago for treatment.

WIND CARESSES PANAMA

Puts Light Plant Out of Business and Does Other Damage.

Panama, July 12.—A hurricane of unusual severity occurred here, doing much damage to property. The electric plant in Panama was put out of commission and the city was left in darkness, which served to increase the alarm.

Telegraphic communication has been interrupted, and advices are meager as to the damage throughout the isthmus. It is feared that the interior and coast towns have suffered considerably. The government has dispatched two steamers to make an inspection of the coast.

CAMBRIDGE PUT US IN AIR-SHIP

Saturday was another hard luck day for the Coshocton baseball boys Cambridge piling up four scores in the eighth inning an winning by an 8-6 score.

The Coshocton lads at the end of the seventh had 5 to their opponents 4 and everything looked like a clean get away on the home stretch but the inevitable balloon ascension came. Coshocton took the ride of her life in the gas bag and allowed the visitors to win when everybody was chuckling quietly to themselves thinking they had them. Old Man Duve pitched classy ball but the tension in the eighth was too great a strain on his veteran muscles and four runs were brought in. Stewart again plated himself in glory by driving one of those famous cloud sailers over the fence. It looked like it was hunting the horizon. He also came in for a double and single after four times at bat, his double scoring two men. Edgar Selby played the first sack and the way he ate up burning throws was inspiring. Williamson, a potteryman, covered short in most creditable style. The team has now been strengthened and will give a close race with any professional lineup.

Score by innings:
Coshocton 0 2 0 1 0 0 2 1 0—6 7 3
Cambridge 0 0 0 1 0 3 0 4 0—8 14 6

Earned runs, Coshocton 2; Cambridge 4.
Sacrifice hit, A. Dagenhart
Stolen bases, Hook 2, Tish, Thompson, Powelson, Selby, Williamson, Duve.
Two base hits Stewart, Foster, Powelson
Home run, Stewart
Bases on balls, off Duve 3; off Danker 5
Struck out by Duve 2; by Danker 6.
Double play, Powelson to Stewart
Wild pitch, Danker
Umpire, Slaughter
Time of game, two hours.
Batteries: Duve, Payne and Stewart; Danker and Foster

Women Here for Ball Game

The "Oh-you-kids," have arived in a special car. That is, the Al P. Gibbs lady baseball club which will play the local team at Riverside Park Monday afternoon at 5:30. The party of feminie base ball fans arrived in their Olympic special early Sunday morning.

They are fast and speedy and will give the local boys a close shave in the baseball line. Their pitcher shortstop, firstbaseman and catcher are said to be stellar performers. Capt. Jimmy Stewart will play his usual position at catch and Bobby Wiggins will probably be in the box.

Such a spectacle is a rare treat to Coshocton and it behooves one and all to take advantage. This is to be no tame game but a regular genuine hard fought exhibition. Remember the game is called at 5:30. This will give all those employed in the factories and shops and stores of the city to attend the game.

The batting order:

Coshocton	Gibb's Girls
Tish m	St. Clair l. f
Duffy rf	Hoover 2b
Sondles ss	Jones c
Gorseline 1b	Robertson 1b
Thompson lf	Farell 3b
Powelson 2b	St. Leon p
Stewart c	Roberts ss
Hook 3b	Smith cf
Duvy 2b	Conners rf

P. H. C. IS DELIGHTED WITH LAKE

The Protected Home Circle excursion to Silver Lake Saturday was one of the most enjoyable outings Coshocton people have ever had. A fair sized crowd went and were all delighted with the resort and their treatment. They left the trai at Kent and there were ample trolley accomodations waiting for them to take the whole crowd out to the lake at once, and they made it in fast time. They say the lake is a delight ful spot with splendid amusements and fine natural advantages. The miniature railway was the greatest attraction; there are nice boats and an excellent bathing beach. Their special train on the Wheeling was nicely handled and nothing but highest praise is heard for the management of both railway and park. The one drawback is that the enterprising local lodge did not make the money they should have made with their efforts.

There are some woman who seem to be perennially youthful. The grown daughter are companions as well as children, and the color in the mother's cheeks, the brightness in her eyes, the roundness of her form, all speak of abounding health. What is her secret? She is at the middle age of life when so many women are worn, wasted and faded, and yet time has only ripened her charms. The secret of this matronly health and beauty may be told in the brief phrase, Dr. Pierce's Favorite Prescription. The general health of woman is so intimately related to the local health of the delicate womanly organs, that where these are diseased, the whole body must suffer. Favorite Prescription" dries the debilitating drains, heals ulceration and delicate female organs natural vigor and vitality. Women who have lost their health and their beauty have been made "robust and rosy cheeked" by the use of the marvelous medicine.

Old Pals

Says the Cleveland Plain Dealer, in a dispatch from Canton: Homer Durand of Coshocton county, "wet" speaker, ran face to face in a Canton hotel with Senator Marshall Duvall, "dry" orator. They shook hands most cordially "He's my old schoolmate," remarked Durand. "We are on opposite sides of the fence, but friends just the same."

Dropped Dead

C. E. Anderson Guarantees Rheuma To Cure Rheumatism or Money Back

Put an end forever to the agonizing pains of Rheumatism. Rheuma, the new discovery has given genuine and almost immediate relief to thousands. It is guaranteed by C. E. Anderson to cure Acute or Chronic Rheumatism in a few weeks.

Rheuma acts quickly and directly upon the kidneys, liver, bowels and blood, and it begins the first day to drive the uric acids poisons from the system.

Rheumatism is a shifting disease; the chief danger is that it may at some time reach the heart and cause death.

Remember that Rheuma is the prescription of a very learned physician and is not a patent medicine. It is sold by C. E. Anderson for only 50 cents, on the money back plan, and suffering readers of the Age are advised to try it.

Read what this woman who suffered 20 years says: "For 20 years suffered with Rheumatism and could get no relief until I tried Rheuma on/the advice of others who had tried it. For years before I used your remedy I could scarcely do my housework. I am now able to do anything, thanks to Rheuma". Mrs. Herbert Mason, East Aurora, N. Y., Jan. 22d, 1909. Mail orders filled by Rheuma Co., Buffalo, N. Y.

COSHOCTON MAN HEARD CANTON NOISE

"Such a celebration you never heard" remarked a Coshocton man who had gone on the P. H. C. excursion to Silver Lake Saturday. "We struck Canton between 9 and 10 pm on the home trip and there were red lights, blare of band music, shouting and singing. The city people were having the noiseiest kind of a celebration over the result of the local option election. All you could hear was "four thousand wet—hurrah", and then everybody'd holler. I never heard so much noise even on a presidential election."

CATARRH CANNOT BE CURED with Local Applications, as they cannot reach the seat of the disease. Catarrh is a blood od constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh is a blood or constitutional acts directly on the blood and mucous surface. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonals free.

BOYS MAKE HOTEL OF SHAGGY BARN

The average boy can see fun in almost anything, and neighbors are laughing at the ludicrous results with which the art of lot of youngsters has brought on a decrept and ragged old barn that has been an eye-sore in Balch alley for some time, being on the rear of the Cheney place.

"Seaside Hotel" appears on what is left of its front in big chalk letters and then follows a list of names of boys: chief clerk, bell hop, night clerk, head waiter, chambermaid, etc etc, on down the list. Complaint has often been made to the authorities but the old shack, which is a menace not only to the fire safety of the neighborhood but also to the lives of passers-by, has for some reason or other, been permitted to remain. It is hoped the ridiculous of the smal boy will bring about resluts that all other efforts have fallen short in.
